

North Andover Flight Academy is the only Boston area helicopter flight school that offers:

- ▶ College Credits for Flight Training
- ▶ Formal Weekly Ground School with No Flight Training Commitment
- ▶ Robinson R44 Transition and Duo Training Programs
- ▶ Certified Robinson Helicopter Service and Overhaul Facility Onsite

## Career Change

There has never been a better time than the present to become a career helicopter pilot. Many events, including demographic shifts and a burgeoning petroleum industry, have all created industry demand for helicopter pilots.

## Our Goals

At NAFA, we aspire to offer our student pilots the most comprehensive learning experience, to train to the highest standards, and to give students the most value in their training programs possible. Your training is paramount to our success.

IN FLIGHT OVER MOUNTAINS

ROBINSON R-44 HELICOPTER

## Experienced Instructors

Our NAFA staff instructors are experienced professionals. Many of our instructors have multiple ratings, including fixed wing, glider, and seaplane. Our instructors also spend time flying and evaluating each others teaching skills on a constant basis.

## Excellent Facilities

Our office, hangar and classrooms are set up to be comfortable and allow students to transition from flight to independent ground study unimpeded by distractions. Our heated hangar is in close proximity to the flight line, for your pre-flight and post-flight comfort. Our helicopters are stored indoors year-round.

## Quality Equipment

We operate the helicopters that are in demand - the Robinson R-22 and R-44. Our instrument helicopter is equipped with all the technology you need to complete your training. All of our helicopters are equipped with modern avionics, including GPS.

## Training Programs Offered

Our combined flight training and formal ground school is configured to train world-class pilots. Our programs include:

- ▶ Private Pilot License
- ▶ Instrument Rating
- ▶ Commercial Pilot License
- ▶ Certified Flight Instructor Rating
- ▶ Professional Pilot Program
- ▶ Robinson R44 Transition Training
- ▶ Robinson R44 Timebuilding
- ▶ Boston Helicopter Sightseeing and Tours
- ▶ Helicopter Ground School
- ▶ Ground and Flight GPS Training

Complete your helicopter flight training with us in the lowest cost Robinson R-44 in the world, and the lowest cost R-22's in the Boston Massachusetts area.

## Maintenance Services

Our facility includes a Robinson-authorized service and overhaul center. We are the largest Robinson service center in the Northeast.
